***INDUSTRY ALERT UPDATE:***

## **URGENT NOTICE:**

Beginning May 18, 2009, all pilots who fly internationally are ***required*** to provide passenger manifests to Customs and Border Protection (CBP) using the new Electronic Advance Passenger Information System (eAPIS).

Take the AOPA Air Safety Foundation's new [Understanding eAPIS](#) online course to learn how to comply with this new regulation.

## **CAUTION NOTICE: FLYING TO MEXICO**

**Flying Cessna Single Engine Aircraft to Mexican Locations Should Be Taken With Caution. Use of Prop Locks and Other Security Devices Is Highly Recommended. Baja Locations Fall In The "Highest Threat" Area.**
