

CYBER BULLYING & DIGITAL MEDIA ISSUES

The Sunnyvale Department of Public Safety has teamed with YAHOO! to develop the first train-the-trainer course approved by P.O.S.T to prevent Cyber Bullying and deal with the emerging "sexting" issues of our youths.

This train-the-trainer course will provide your Department with the tools necessary to identify, deal with and prevent harassment of juveniles by electronic means. The course includes ready to use presentations for your Department to provide instruction to the schools, school officials and parents.

By completion of this 1-day course, your officers will be able to provide professional instruction to your community on the emerging issues of digital media, to include; cyber bullying, sexting, content publishing and social media sites.

The District Attorney's office along with the Juvenile Probation Department will provide guidance and direction to the criminal aspects of the topic.
